

Fosera lamps use high-efficient LED technology with a very long lifetime. The lamps in the BLUE LINE have an efficiency of 135 lm/W, and a lifetime of 50.000 hours. Based on 5 operating hours per day, the LEDs can last up to 27 years without a significant reduction in brightness.

Fosera BLUE LINE lamp 100 & 200

These ceiling lamps have a very high illumination and light weight, making them suitable for any ceiling. They include a three-step switch, enabling not only on and off modes but a low-consume dimming mode with around 50 lm, ideal as a security light.

Fosera BLUE LINE fb lamp 50 & 100

These lamps are the smaller and more economic version of the ceiling lamps. They allow a flexible lighting service due to its versatility as desk light or as a fixed wall or ceiling light.

	Fosera BLUE LINE Lamp 100	Fosera BLUE LINE Lamp 200
Lamp voltage	3.25 V	3.25 V
Lamp current	228 mA	480 mA
Nominal power	0.74 W	1.56 W
Light source	3 LEDs	8 LEDs
Color temperature	5000 K	5000 K
Illuminance	100 lm	180 lm
Efficiency	135 lm/W	115 lm/W
Lifespan @ 5 hours use per day	27 years	27 years
Cable length	6m, incl. switch	6m, incl. switch
Weight	0.33 kg	0.33 kg

	Fosera BLUE LINE fb lamp 50	Fosera BLUE LINE fb lamp 100
Lamp voltage	3.25 V	3.25 V
Lamp current	150 mA	250 mA
Nominal power	0.48 W	0.81 W
Light source	1 LEDs	2 LEDs
Color temperature	5000 K	5000 K
Illuminance	45 lm	75 lm
Efficiency	93 lm / W	93 lm / W
Lifespan @ 5 hours use per day	27 years	27 years
Cable length box to lamp	6m, incl. switch	6m, incl. switch
Weight	0.1 kg	0.1 kg
