

Fosera lamps use high-efficient LED technology with a very long lifetime. The lamps in the POWER LINE have an efficiency up to 140 lm/W and a LED lifetime of up to 50.000 hours. Based on 5 operating hours per day, the LEDs can last up to 27 years without a significant reduction in brightness.

Fosera POWER LINE lamp 100, 200 & 400

These ceiling lamps have a very high illumination and light weight, making them suitable for any ceiling. They include a three-step switch, enabling not only on and off modes but a low-consume dimming mode with around 50 lm, ideal as security light.
